

Computing Innovation Impact — Position Brief

Name: _____ Period: _____ Date: _____

AP objective: IOC-1/2 Points: 40

Why handwritten, in class: this replaces a typed task AI can complete. Write it by hand using the class sources — no AI, phones, or pre-written notes. Your grade comes from your reasoning, your cited sources, and details only you can supply.

Cite THREE sources (title, outlet, one fact + why you trust it)

#	Source & outlet	Fact learned + why credible
1		
2		
3		

Write the brief (complete sentences, by hand)

1. Pick an innovation and describe a benefit AND a harm (name who is affected) — 12 pts

2. Privacy: what data does it collect, and one real risk? — 8 pts

3. Bias or digital divide: a specific group affected and how — from your community — 8 pts

Use your school, town, or family — a real group you can name, not 'society.'

4. One security measure that would reduce a harm here, and how it works — 8 pts

5. Your position + one policy recommendation — 4 pts

Oral defense (teacher — 60 sec)

Student answers one cold question aloud before grading. A student who did their own work can answer instantly; a copied one can't. Strong OK Weak

Scoring (40 pts)

Criterion	Pts	Earned
Benefit + harm w/ who	12	
Privacy risk	8	
Bias/divide, local group	8	
Security measure explained	8	
Position + policy	4	
<i>Gate</i> : 3 valid sources + passed oral defense	req'd	<input type="radio"/> Y <input type="radio"/> N
Total	40	

Integrity gate: blank/vague sources OR a weak oral defense caps the score at 50% and requires a resubmit.
